### Submitting Written Assignments

Use the class Dropbox Tool to submit your weekly Module [Chapter] written assignments. I will only accept assignments submitted in Microsoft Word format via the Dropbox Tool in D2L.

## Class Participation:

Interaction with other students is an important component of the course. Students must participate by posting to discussions on the topics assigned in a timely manner. Deadlines for discussion postings are included at the bottom of each discussion. Students are also expected to communicate with the instructor as a learning resource and to check the course website frequently for announcements.

Each Module [Chapter] includes three discussion questions, for a total of 36 discussions. These questions serve two purposes: First, they are a forum to apply what you learned in the chapter. Second, they take the place of class discussion, allowing you to learn from other students. You must post to all three discussions for a specific Module [Chapter], plus respond to two comments made by fellow students for a total of FIVE (5) posts per week.

- Discussion participation for each Module [Chapter] is valued at 20 points.
- The lowest two Module [Chapter] discussion participation grades will be dropped. No late discussion participation will be accepted.
- Due dates are provided in the course calendar.

## Late Policy:

I will allow you ample time to complete your assignments. Due dates are non-negotiable. You may work ahead, but since I will be discussing each assignment with the class, you may not submit late work.

No late work will be accepted unless arranged, in advance, with the instructor's approval. Approval will be at the complete discretion of the instructor. A personal computer crash will not qualify for exemption to the established due dates unless the TN eCampus D2L system is down.

If you have a medical issue such as emergency surgery, death in the family, serious accidents or anything major email me with supporting documentation. I will verify all submitted documents before granting an extension. I will grant extensions only in cases where you, your spouse, a child, or a parent is seriously ill or injured.

Once again, personal computer crashes will not qualify for exemption to the established due dates unless the TN eCampus D2L system is down.

## Course Ground Rules:

*The following two statements (1., 2.) were derived from the TBR System-wide Student Rules document, released January 2012:*

Specifically, students should refrain from inappropriate and/or offensive language, comments and actions.

### **2. [Review the TN eCampus Academic Integrity/Academic Honesty Policy:](#)**

- or to knowingly assist another student in obtaining or using unauthorized materials.

Plagiarism, cheating, and other forms of academic dishonesty are prohibited.

Students guilty of academic misconduct, either directly or indirectly through participation or assistance, are subject to disciplinary action through the regular procedures of the student's home institution. Refer to the student handbook provided by your home institution to review the student conduct policy.

In addition to other possible disciplinary sanctions that may be imposed, the instructor has the authority to assign an "F" or zero for an activity or to assign an "F" for the course.
